Part 2: Finishing the Quilt

7. Sew the 4 ½" Fabric 16 border strips together, end-to-end, to make one continuous border strip. All borders will be cut from this strip to randomly distribute seams.
8. From the border strip, cut 2 - 4 ½" x 84 ½" pieces and join them to the left and right sides of the quilt. Press seams towards the borders.
9. From the remainder of the border strip, cut 2 - 4 ½" x 80 ½" pieces and join them to the top and bottom of the quilt. Press seams towards the borders.

80 ½" x 92 ½"

The border measurements in Steps 8-9 are exact mathematical measurements. Since all quilt tops can vary a little bit in actual constructed size, measure your own quilt top in several places, and make any needed adjustments to your own border sizes.
