

Hello and Happy New Year's wishes to you all!

I hope you all had a wonderful holiday season. I know that there are some fabric sales on the horizon at various shops nearby and online so I thought I should get this information out to you regarding our next Mystery Quilt.

Here is a little information about the quilt...

It is not a Medallion style quilt this time :)

It will be a larger sized quilt: 80"x92" (but I can direct you on how to make it a 80" square quilt if you would prefer).

The quilt will work well with a controlled scrappy palette... so it would lend itself to using fabric from your stash as an option.

What I would recommend for your fabric pull is:

Going with a theme: Winter, Autumn, Spring, or Summer

(or think along the lines of red and green or red, white, and blue or pastels)

There is a variety of sized blocks... a total of 4, 24.5" blocks, and 12.5" blocks, and also some blocks that are 24.5" x 6.5"

The pattern calls for 8 7/8 yds of background

Before I close, I want to let you know how excited I was to see your quilt at the Holiday luncheon. They looked amazing as a backdrop to our event.

Thank you for your support as I navigate through this end of things!

Best wishes,

Sinta

P. S. I will be aiming to send out each month's clue by the 5th of each month which will be posted on the SMQA website.
