Dear NCQC members,

Enhance your guild experience by participating in [January Jumpstart](#). NCQC board member and volunteer Karren Lusignan will host an interactive Zoom panel focused on strategies for guild membership growth and retention.

All NCQC members or members of affiliated NCQC guilds are welcome to register and join the Zoom meeting.

Quilters contribute their work to the National Quilt Index (see p30), joining a continuous exchange of quilting inspiration and creativity.

Information regarding upcoming shows and related quilt events is available in this issue, and the NCQC website provides links to individual guild pages.

A new message page has been introduced for members, featuring important announcements about quilt-related opportunities.

Please submit your guild events to the NCQC website calendar; these entries are incorporated into the newsletter and shared by Colleen Pelfrey on our Facebook and Instagram platforms.

Consider organizing your carpool to attend multiple Quilt Show Hops, enabling you to see preferred vendors and as well as the notable quilts.

We recommend beginning with the Folsom show for an experience that demonstrates why remaining at home is not preferable.

If interested in exploring a themed quilt "village", make the Pajaro Valley Quilt Show your next destination, featuring several buildings with of quilt show items.

The Yuba City quilt show is recognized as an exemplary event, noted for its organization, and even their exceptional baked goods vendor.

Warm thanks and appreciation to all individuals who inspire our quilting community.

THE NCQC DIRECTOR'S MESSAGE

Happy New Year! We've got an exciting year of events coming to you from NCQC. We starting off with a bang with "Membership Growth and Retention", our January Jumpstart topic. I'm pretty sure you'll find some practical take aways for your guild.

We hold two Meet the Teacher events, and our April in-person event will be held on Wed, April 15, a week later than usual due to a scheduling conflict at the center. This is a GREAT opportunity for guilds and shops alike to take a peek at possible hires for lectures, workshops or judging. Consider sending a few reps from your guild or shop to see who might be the best fit for you.

There is also a new crop of quilt judges coming along to join the ranks of the experienced judges. Judges provide encouraging feedback to quilters; both the quilter and the guild benefit.

July's in-person event will be a development meeting, focusing on a topic. What would YOU like to see covered? Do tell.

And October's meeting will be an on-line Meet the Teacher event. Your Board is working hard to provide support and relevant education for every member of NCQC. We love to hear what you would like to see from us in the coming year. Give us a holler under the comment section of our website.

I hope to hear from you!

Joyfully,

Jenny Lyon
Director, NCQC

2026 January Jumpstart Jan 14 WED. 10-NOON, VIA ZOOM

Membership Growth and Retention

There will be three topics that will be discussed.

1. **Marketing:** How does a guild let the public know it exists, what it does, where and when does it meet.
2. **Greeting New Members:** How does a guild greet its new members and help them get to know what is available, ways to get involved, and introduce them to other members.
3. **Keeping Members Interested:** What types of programs does a guild provide, what activities can a member do at a meeting or at other times.

There will be at least 3 guilds invited to start the discussion on each of these topics. After presentations, they will accept questions. Also, there will be a Zoom Room for each topic where detailed questions can be asked and answered.

We ask that a person be designated as a scribe in each Zoom Room to take note of ideas that were not presented during the general meeting. These additional ideas should be shared at the end of the Zoom Room sessions.

QUILT JUDGE TRAINING
February 24 and 25, 2026
Vacaville, CA

The course will be an intensive two-day training covering all aspects of quilt judging, including extensive hands-on practice. It is intended for individuals who intend to become active quilt judges. The course would also be beneficial for current quilt judges who wish to further their knowledge of current best practice and hone their skills.

Experience in the judging arena is crucial in preparing for this course. Participants are encouraged to seek opportunities to participate in the judging process: planning, scribing, assisting, observing and shadowing. Candidates should be able to endure the physical rigors of full-day judging with minimal breaks.

Instructors are accomplished quilters and trained/experienced judges: Julie Curry, Diana Muenzler and Kitty Oliver. Our mission is to provide training in quilt evaluation that is fair, thorough and encouraging.

Registration will open in early November. The cost is \$400, which does not include meals or lodging.

For information visit our website: <https://quiltjudgetraining.com> or contact us at: quiltjudgetrain@gmail.com

Then, if you would like your guild event posted on our page, contact me, Colleen Pelfrey, at colleenpelfreyquilts@gmail.com. I will be happy to post it on our page. Sproule Studios

Sproule Studios offers original mixed media textile arts products and supplies. We are a direct to consumer business, and you will only find our designs through our website, shows, and workshops. We offer items and products designed by artists for other creatives to use in their artwork. Everything begins as hand drawn and painted images that are then digitally rendered when necessary. The supplies and notions we carry are the ones we use every day ourselves. Read more about the actual studio space where our local workshops are held: [Textile Arts Studio](#)

Sproule Studios was established in 2001 as a long arm quilting studio quilting work for clients around the country. The business began evolving into a design studio in 2011 with the development of their Textile Design Stencils for painting on fabric. By 2015, a collection of contemporary hand embroidery patterns and kits were added to the product line.

Today, we focus on sharing our passion for exquisite textiles and design through our products, workshops, and e-books. Soon, we will be adding online classes. Our designs are inspired by our great appreciation for nature and the beauty found in our amazing environment here on the beautiful north coast of California.

California Heritage Quilt Project is a state documentation project started in Jan 1984. Our mission is to seek out and record the history of California quilts and their makers/owners, to foster conservation/preservation of the California quilt heritage, to increase public awareness & appreciation of quilts and to encourage the art of quilt making.

Our presentation shares our history and our steps forward to preserve the legacy of quilt making and their makers working with the Quilt Index. We have a working Board of Directors that cover the state of California that are happy to share about the project when able. You can contact us at www.chqp.org or by emailing caheritagequiltproject@gmail.com.

When able, we can do in-person presentations with a trunk show or ZOOM presentations with an online trunk show **October 8th at NCQC**, Arlene Stevens, President of CHQP, will be participating in the online Meet the Teachers event.

Arlene, as well as being President of CHQP, owns and operates Save the Pieces, a quilt appraisal / consultation service. She has been a quilt maker, researcher of quilt history and collector of quilts for over 30 years. She has appraised quilts in Southern California for the Road to California Quilt Show (2020-2025) and for local collectors and quilters by appointment at locations to be arranged. She

formally appraises antique, vintage, contemporary and art quilts. Consultation services are also available for estate planning. Arlene also offers consultation to local museums that hold quilt collections interested in entering their collection in the Quilt Index.

To support the knowledge necessary, Arlene has taken coursework, attended workshops by renowned quilt historians to study fabric dating, textile history, and quilt making history. Arlene is knowledgeable in pattern identification, construction techniques, standard professional appraisal practices, care/storage, and best practices for conservation of quilts in general. She regularly participates in continuing education opportunities and other numerous activities to keep up to date as needed. These experiences plus having an extensive reference library help her to give you information that will bring a greater appreciation and understanding of your quilts.
