## Piecing Instructions:

1. Look at the final picture in Fig.3, lay out your rectangles alternating light & dark. If using more than 2 colors, rearrange until you're happy with the design.

2. Arrange the first 2 pieces as in Figure 1, right sides together. Draw a line from top corner of the top piece to the lower corner of the bottom piece. Stitch along drawn line. Trim away 1/4" from this seam. Press. Repeat for all 3 rectangles to make a row unit. Make 5 row units.

3. End pieces. Take your squares and place them at both ends of each row unit, alternating colors. Move them until you are happy with the design. Lay a square right sides together with the end of a row as per Figure 2. Draw a diagonal stitching line. Stitch along this line. Trim 1/4" from this seam. Make sure your drawn diagonal line is going the same direction as previous seams. Repeat with each row unit.

4. Now sew all the rows together. Make quilt sandwich, quilt as desired, complete with binding or method of choice.
